

# TRIO HEALTH CATALYST

Curated Clinical Data

## FIT-FOR-PURPOSE PATIENT-LEVEL DATA IN A READY TO ANALYZE FORMAT

### WHY CATALYST?

#### **High-Quality Data**

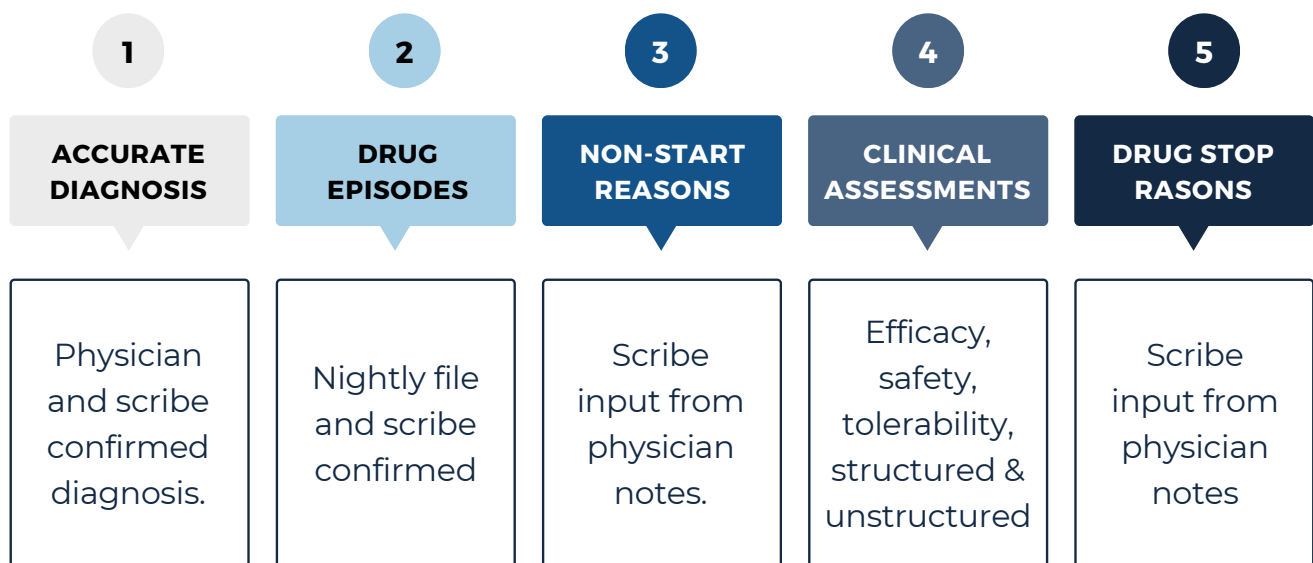

Access retrospective and highly robust clinical data, organized into a standard disease data model, ensuring reliability and comprehensiveness.

#### **Customized for Your Needs**

Benefit from data curated specifically for your project, delivered in the format that best suits your analysis tools and methodologies.

#### **Agile and Integrative**

Designed for seamless integration with third-party data sources, Catalyst enhances your existing data assets, providing a fuller picture for deeper insights.

Discover how Catalyst can enhance your data strategy and real-world patient insights.
